

CCSC Power Boat Refresher Training 2021

Introduction

1. Following our disrupted and limited season in 2020, our collective proficiency at operating the club Ribs will have justifiably taken a bit of a dip; as a result, our training team has been working hard to develop a package of Rib refresher opportunities so that all of you engaged in rescue boat driver or crew duties can approach your roles with confidence. Note, that in short order, similar driver training will also be offered for Imogen drivers; details to follow in due course.

What you need, when you need it

2. We have been working hard in the background to train up a team of experienced power boat operators who will be available to deliver training at frequent opportunities throughout the season. Additionally, it has been recognised that everyone will have different skills levels / experience, so we are able to offer more focused training depending on individual requirements.
3. It is recommended that you identify when your rescue boat duties are and sign up for a pertinent refresher training activity beforehand, so that, when it comes to duty time, the day can be approached with the necessary knowledge and confidence to conduct the duty safely, effectively and with a relaxed smile!

Choose the package that suits you

4. We will be offering three Rib refresher packages so that everyone can benefit, irrespective of whether you are regular, experienced rescue team drivers and crews or recently qualified / new members. Choose your package from the options below:

Session	Title	Type	Content
SB1	CCSC Rescue Team Procedures	Evening Zoom discussion – 30 Mins	Remind you what to expect for your rescue duty, and specific CCSC procedures. It is assumed that you are familiar with driving Rib but would benefit from a general discussion about the duty prior to undertaking it.
SB2	CCSC Procs and Rhib Practical	Evening Practical – 2 Hours	Include SB1 items plus give you the opportunity to practice driving the CCSC Ribs to improve skills and confidence.
SB3	CCSC procedures and Safety Boat Practical	Afternoon Practical – 3 Hours	Include all of the above with the addition of specific practical experience to improve Safety Boat skills including, MOB retrieval, Capsize recovery, Towing. This session will be conducted on Saturdays to coincide with Sail 4 All.

How to get on the programme

- The sign on sheet is based on a Google Spreadsheet programme which can be accessed by clicking the link [Power Boat Refresher Training](#). From experience, some of you may find it difficult to access it so please email me, Tim Eastaugh, directly at stiggins340@gmail.com to either ask for additional permissions to edit, or to just ask me to edit on your behalf. Tip – Google sheets have compatibility problems with Amazon devices but work ok with PCs.
- The spreadsheet has a master index based on a Calendar with available training slots for SB1,2,3 (colour coded).

Legend

Trainer Standardisation

SB1 - Rhib CCSC procedures - Zoom discussion - 30 mins

SB2 - CCSC procedures and Rhib practical refresher training - 2 hours

SB3 - CCSC procedures and Safety Boat practical refresher - 3 hours
